

# Aleksandar ARMACKI

## PERSONAL DATA

---

ADDRESS: Porter Hall B Level, 4815 Frew Street, Pittsburgh, PA, 15213  
EMAIL: [aarmacki@andrew.cmu.edu](mailto:aarmacki@andrew.cmu.edu)  
GOOGLE SCHOLAR: [scholar.google.com/citations?user=21d\\_U30AAAAJ](https://scholar.google.com/citations?user=21d_U30AAAAJ)

## RESEARCH INTERESTS

---

Broadly, my interest lie in theoretical machine learning. More specifically, I am interested in the learning guarantees of centralized, as well as large-scale distributed systems, both federated and decentralized. I study the behaviour of such systems under the presence of various notions of heterogeneity, e.g., statistical heterogeneity between different users, or system heterogeneity, such as varying communication or computation capabilities of different users.

## EXPERIENCE

---

|                      |   |
|----------------------|---|
| AUG 2020 - PRESENT   | Research Assistant at CARNEGIE MELLON UNIVERSITY, Pittsburgh, PA<br><i>Electrical and Computer Engineering</i>   Advisor: Prof. <b>Soumya Kar</b><br>Designing algorithms for distributed learning systems that are communication efficient [1, 2] and provide strong personalization for users [2, 3]. Also developed and analyzed a simple clustering framework [4], applicable to a wide array of clustering problems, with strong convergence guarantees.                               |
| NOV 2018 - JUN 2020  | Junior Researcher at FACULTY OF SCIENCES, Novi Sad<br><i>Numerical Analysis Group</i>   Advisor: Prof. <b>Dusan Jakovetic</b><br>Designed an algorithm for distributed optimization, using the trust-region method [5].   |
| SEP 2019 - DEC 2019  | Visiting Researcher at UNIVERSITY OF PENNSYLVANIA, Philadelphia, PA<br><i>Electrical and Systems Engineering</i>   Advisor: Prof. <b>Alejandro Ribeiro</b><br>Worked on theoretical analysis of an algorithm for distributed optimization.  |
| JULY 2018 - OCT 2018 | Junior Researcher at BIOSENSE INSTITUTE, Novi Sad<br>Developed an automated method for selecting high-quality pollen samples to be used for predicting pollen concentration in the atmosphere.  |
| FEB 2018 - JULY 2018 | Visiting Researcher at FACULTY OF COMPUTER AND INFORMATION SCIENCE, Ljubljana<br><i>Bioinformatics Lab</i>   Advisor: Prof. <b>Blaz Zupan</b><br>Developed a deep-learning model for dimensionality reduction of single-cell data, resulting in my master's thesis. The work was recognized by the <b>Mathematical Institute of the Serbian Academy of Sciences and Arts</b> , as the thesis entered the final selection for the Annual Award in the field of computing for M.Sc. students. |

## EDUCATION

---

|                      |   |
|----------------------|---|
| AUG 2020 - PRESENT   | Doctor of Philosophy in ELECTRICAL AND COMPUTER ENGINEERING<br>College of Engineering, Carnegie Mellon University<br>QPA: 3.81/4.00   |
| OCT 2016 - OCT 2018  | Master of Science in APPLIED MATHEMATICS<br>Faculty of Sciences, University of Novi Sad<br>Thesis: " <a href="#">Application of Autoencoders on Single-cell Data</a> "<br>QPA: 9.94/10.00 |
| SEP 2012 - JULY 2016 | Bachelor of Science in APPLIED MATHEMATICS<br>Faculty of Sciences, University of Novi Sad<br>QPA: 8.96/10.00  |

## AWARDS

---

- 2022 IBM PhD Fellowship - Nominated in front of the Electrical and Computer Engineering department, Carnegie Mellon University (ongoing)
- 2020 Dean's Fellowship at the department of Electrical and Computer Engineering, Carnegie Mellon University
- 2019 Annual Award of the Mathematical Institute of the Serbian Academy of Sciences and Arts in the field of computing for M.Sc. students - Finalist
- 2012 - 2018 Various government and regional awards and fellowships for students with outstanding academic records

## ACADEMIC SERVICE

---

- Conference reviewer: AISTATS 2023, 2024
- Served on Carnegie Mellon's student council for faculty hiring in 2023. Participated in interviewing faculty candidates, with the goal of evaluating the candidates' potential to advise graduate students and help foster a diverse and inclusive environment.

## CONFERENCES AND WORKSHOPS

---

- 2023 *31st European Signal Processing Conference*, Helsinki, Finland  
Presented the work [1] in a talk
- 2022 *39th International Conference on Machine Learning*, Baltimore, USA  
Presented the work [4] in a spotlight talk and poster session
- 2019 *EUROCON 2019*, IEEE, Novi Sad, Serbia  
Presented the work [5] in a short talk
- 2018 *US-Serbia & West Balkan Data Science Workshop*, NSF Serbia, Belgrade, Serbia  
Presented results from master's thesis in poster session
